

Important information for all  
Derbyshire residents -  
**please read**

# The Derbyshire *Shared Care Record* *easy read*

# How Shared Care Record works now?

Details about your care are held every time you visit a health care service like:

**GP, pharmacy, hospital or mental health service.**

Your details are held with lots of different health care services. This has meant that:

- It can take longer to give you the right treatment
- You may have to repeat yourself
- You may have to remember what care you have received in the past

# How Shared Care Record works now?

The Derbyshire Shared Care Record (DSCR) is a safe way to keep all your health care details in one place like:

- Your contact details
- Your medication
- Your care needs
- A list of your medical conditions
- A list of your medications
- A list of your allergies
- Test results
- Any referrals, clinic letters and discharge information
- History of your treatment

# Why do we need it?

We know that health care in Derbyshire can be better. The Derbyshire Shared Care Record will mean that:

- Health care professionals will be able to use their time spent with you in a better way

- Health and social care workers can make safer decisions about your care
- Reduce mistakes

# Ways to get in touch?

- You get the right treatment, by the right person at the right time

- In time, people will be able to manage their own health care more easily

- You won't have to repeat your story

- You can look at your care records at anytime

- Less paperwork

# Things you might want to know

- Your information will be held on a safe computer system
- A secure password will be used to protect your information
- Health and Social Care professionals will only access your details when they need it
- If you do not want to share your information with the Derbyshire Shared Care Record you must tell us.

# Who is making the Derbyshire Shared Care Record?

Lots of services are working together to make the Derbyshire Shared Care Record.

Some of the services are:

# Ways to get in touch ...
