NHS Derby and Derbyshire CCG: Summary Governing Body Assurance Framework Quarter 1 – April to June 2021/22

The Governing Body Assurance Framework (GBAF) aims to identify the strategic/principal risks to the delivery of the Derby and Derbyshire CGGs strategic objectives. It sets out the controls that are in place to manage the risks and the assurances that show if the controls are having the desired impact. It identifies the gaps in control and hence the key mitigating actions required to reduce the risks towards the target or appetite risk score. It also identifies any gaps in assurance and what actions can be taken to increase assurance to the Derby and Derbyshire CCG. The table below sets out the Derby and Derbyshire CCG strategic objectives; lists the strategic/principal risks that relate to them. Further details can be found on the extract pages for each of the strategic/principal Risks.

The 2021/22 Strategic Objectives of Derby and Derbyshire CCG are reflective of our final year of operation as a CCG and recognises the transition into the ICS:

- 1. Safely and legally transition the statutory functions of the CCG into the ICS, and safely deliver the disestablishment of the CCG.
- 2. Deliver the commitments made in response to the Operating Plan, with a focus on reducing health inequalities and improving outcomes for the people of Derbyshire, and continuing to support the system during transition to maintain a strategic focus on overall health outcomes / health inequalities.
- 3. Continue with the roll out of the Covid-19 vaccination programme and ensure a sustainable planning and operational model is in place.
- 4. Support the development of a recovering and sustainable health and care economy that operates within available resources, achieves statutory financial duties and meets NHS Constitutional standards. Strategic.
- 5. Support our staff in the delivery of the above and transition into an ICS, through continued health and wellbeing programmes and effective communication and engagement.
- 6. Continue to further develop and implement new and transformational ways of working that have been developed in response to Covid.
- 7. Work in partnership with stakeholders and engage with our population to achieve the above objectives where appropriate.

	Strategic Risk(s)	Current Rating	Executive Lead
1	Lack of timely data, insufficient system ownership and ineffective commissioning may prevent the ability of the CCG to improve health and reduce health inequalities. This is of particular concern during the COVID pandemic where some people may not be able to access usual services or alternatives.	15	Steve Lloyd
2	The CCG is unable to identify priorities for variation reduction and reduce or eliminate them.	20	Steve Lloyd
3	Ineffective system working may hinder the creation of a sustainable health and care system by failing to deliver the scale of transformational change needed at the pace required.	12	Zara Jones
4A	The Derbyshire health system is unable to manage demand, reduce costs and deliver sufficient savings to enable the CCG to move to a sustainable financial position.	16	Richard Chapman
4B	The Derbyshire health system is unable to manage demand, reduce costs and deliver sufficient savings to enable the system to move to a sustainable financial position.	16	Richard Chapman
5	The Derbyshire population is not sufficiently engaged to identify and jointly deliver the services that patients need.	9	Helen Dillistone

6	The CCG does not achieve the national requirements for the Covid-19 Vaccination Programme and have robust operational models in place for the continuous sustainable delivery of the Vaccination Programme	25	Steve Lloyd
7	CCG staff retention and morale during the transition will be adversely impacted due to uncertainty of process and implications of the transfer to the ICS, despite the NHSEI continuity of employment promise.	8	Helen Dillistone
8	If the CCG is not ready to transfer its functions or has failed to comprehensively and legally close down the organisation, or if the system is not ready to receive the functions of the CCG, the ICS operating model cannot be fully established.	20	Helen Dillistone

Strategic Objective: 2 Deliver the commitments made in response to the Operating Plan, with a focus on reducing health inequalities and improving outcomes for the people of Derbyshire, and continuing to support the system during transition to maintain a strategic focus on overall health outcomes / health inequalities.	GBAF RISK 1	Executive Lead: Steve Lloyd Assigned to Committee: Quality and Performance
What would success look like and how would we measure it?	Risk Descri	ption
 Agreement and commitment to agenda at JUCD Board with inequalities in the Terms of Reference. New ICS governance structure to include addressing inequalities. Strategic Long Term Conditions Programme Board to be established with a clear remit to reduce unwarranted variation in services. Commissioning to focus on particular patient cohorts, with measures around services to be put in place to support reduction of inequalities. Covid risk stratification work should cover health and social care inequality, as well as mental health not just physical health. System Q&P dashboard to include inequality measures Patient experience and engagement feedback will be gathered at an early stage to inform all service change / development projects. This will be evidenced in business cases and project initiation documents. Feedback about the experience of Derby and Derbyshire end of life care will be gathered and analysed to provide intelligence to support the development of services that are driven by those who use services. A Quality and Equality Impact Assessment (QEIA) will be part of all service change / development projects and programmes. This will be a document that changes as benefits and risks along with mitigating actions are realised. The QEIA will also include evidence to demonstrate compliance with legislative requirements in respect of public engagement. Increase Patient Experience feedback and engagement. 	Lack of timely data, insufficient system owners impact of COVID-19 may prevent the ability of tinequalities. This is of particular concern durin may not be able to access usual services or alt	the CCG to improve health and reduce health g the COVID pandemic where some people

Date reviewed

June 2021

Rationale for risk rating (and any change in score):

- The Derby and Derbyshire population are unable to access their usual service or an alternative due to the impact of the Covid pandemic,
- The CCG is unable to meets its strategic aim as above due to the impact of the Covid pandemic.
- Capacity in commissioning has improved.
- PLACE areas are now supported by a CCG Functional Director.
- QIA/EIA process in place.

SOURCES OF ASSURANCE

• Recovery and Restoration plan and process in place.

Strategic Objective: 2

Deliver the commitments made in response to the Operating Plan, with a focus on reducing health inequalities and improving outcomes for the people of Derbyshire, and continuing to support the system during transition to maintain a strategic focus on overall health outcomes / health inequalities.

What would success look like and how would we measure it?

- Agreement and commitment to agenda at JUCD Board with unwarranted variation in quality in the Terms of Reference.
- JUCD to take a disease management approach to variation, rather than individual services.
- New ICS governance structure to include addressing unwarranted variation in quality.
- CCG to understand the variations in services across JUCD and if these are unwarranted.
- Quality to work with commissioning teams to ensure contracts address the inequalities.
- System Q&P dashboard to used to identify the variations at system level.
- System Q&P to address the unwarranted variation identified from the dashboard, through the JUCD Programme Boards.
- Improve Patient experience and engagement feedback and how it will be gathered to understand how varying of services is impacting on the people of Derbyshire.

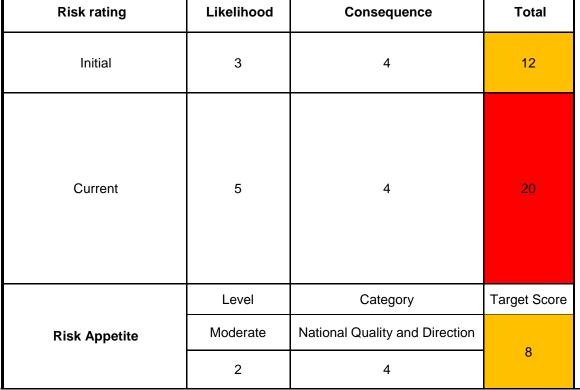

GBAF RISK 2

Executive Lead: Steve Lloyd

Assigned to Committee: Quality and Performance

Risk Description

The CCG is unable to identify priorities for variation reduction and reduce or eliminate them.

June 2021

Rationale for risk rating (and any change in score):

- CCG unable to identify priorities for variation reduction due to the impact of the Covid pandemic.
- Increase in risk score as a result in losing Clinical and Medical Staff to prioritise Covid patients.
- The STP Clinical leadership group is becoming established.
- The Systems saving group is bringing key partners together to deliver the financial priorities and has increased joint ownership of priorities.
- PLACE commissioning is developing.

GBAF RISK 3

Executive Lead: Zara Jones

Assigned to Committee: Clinical & Lay Commissioning

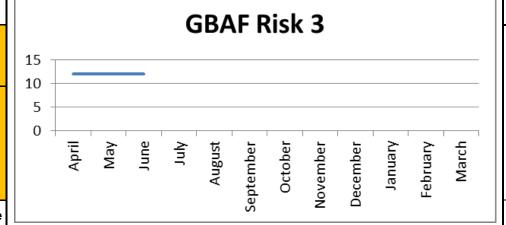

What would success look like and how would we measure it?

Safe delivery of our Phase 3 and winter plan through effective system oversight of delivery and escalation and resolution of issues. Retaining the benefits of learning and transformation through wave of COVID-19. Improved / sustained relationships with system partners – increased collaboration and strengthened planning and delivery, less duplication and more shared accountability for delivery.

Risk Description

Ineffective system working may hinder the creation of a sustainable health and care system by failing to deliver the scale of transformational change needed at the pace required.

Risk rating	Likelihood	Consequence	Total

GBAF RISK 4A

Executive Lead: Richard Chapman
Assigned to Committee: Finance Committee

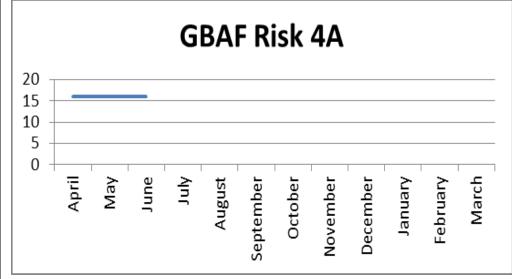

What would success look like and how would we measure it?

Delivery of agreed 2021/22 financial position.

Risk Description

The Derbyshire health system is unable to manage demand, reduce costs and deliver sufficient savings to enable the <u>CCG</u> to move to a sustainable financial position.

Risk rating	Likelihood	Consequence	Total
Initial	5	5	25
Current	4	4	16
	Level	Category	Target Score
Risk Appetite	Low	Financial Statutory Duties	10
	2	5	

Date reviewed

SOURCES OF ASSURANCE

June 2021

Rationale for risk rating (and any change in score):

- Identify underlying system position, current and forward-looking
- The risk score for GBAF risk 4A has been increased to a very high score of 16. Work remains ongoing to monitor and manage the 2020/21 position, but also to understand the recurrent expenditure position as the CCG and system partners begin planning for 2021/22. The CCG is working with system partners to understand the recurrent underlying position and early work suggests there is a considerable system financial challenge moving into 2021/22.
- The Derbyshire NHS system has a gap of c. £43m between expenditure assessed as required to meet delivery plans and notified available resource. The CCG is working with system partners to agree how these resources are used and what remaining financial risk there is, where this risk will be held and how it can be mitigated.

	ACTIONS BEING TAKEN TO ADDRESS GAPS IN CONT	ROL/ASSURANCE (INCLUDE TIMESCALES)		

Strategic Aim: 4

Support the development of a recovering and sustainable health and care economy that operates within available resources, achieves statutory financial duties and meets NHS Constitutional standards.

GBAF RISK 4B

Executive Lead: Richard Chapman
Assigned to Committee: Finance Committee

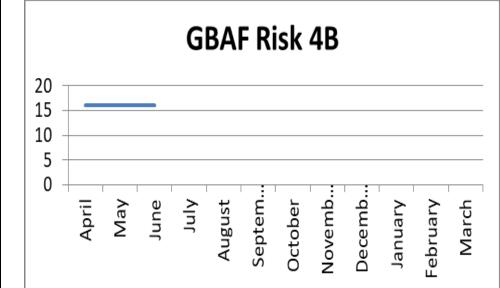

What would success look like and how would we measure it?

Delivery of agreed 2021/22 financial position on a system basis.

Risk Description

The Derbyshire health system is unable to manage demand, reduce costs and deliver sufficient savings to enable the system to move to a sustainable financial position.

Risk rating	Likelihood	Consequence	Total
Initial	5	4	20
Current	4	4	16
	Level	Category	Target Score
Risk Appetite	Low	Financial Statutory Duties	
	2	5	10

Date reviewed June 2021

Rationale for risk rating (and any change in score):

- Identify underlying system position, current and forward-looking.
 The system does not currently have a functional efficiency
- programme or agreed structures to implement such a programme.
- The risk score for GBAF risk 4B has been increased to a very high score of 16. Work remains ongoing to monitor and manage the 2020/21 position, but also to understand the recurrent expenditure position as the CCG and system partners begin planning for 2021/22. The CCG is working with system partners to understand the recurrent underlying position and early work suggests there is a considerable system financial challenge moving into 2021/22.
- The likelihood was increased based on initial assessment that the NHS system has a gap of c. £43m between expenditure assessed as required to meet delivery plans and notified available resource. Since this initial risk the CCG is working with system partners and we have, as a result of a much-improved CCG position, been able to report that the system are forecasting a break-even position, with the providers reporting a combined £5.0m surplus against the CCGs £5.0m deficit. Work remains ongoing to monitor and manage this position, particularly in relation to where the risks are and how these can be mitigated.

Link to Derby and Derbyshire Risk Register 11,30

- Integrated financial reporting incorporating I&E and savings positions and risk
- Recovery and Restoration (R&R) Plan.
- Clinical Leadership Framework in place across the system to support governance and clinical workstreams.
- R&R Plan progress and assurance reported monthly to Governing Body through the Finance Committee Assurance report
- Finance Committee meetings reinstated from June 2020
- NHSEI have provided guidance of a new financial for the period to March 2021. The allocations have been based on the first 6 months of the financial year and includes additional system allocations for COVID-19, Top-up and Growth.
- CCG Escalated to Business Continuity Level 4 in December 2020 due to Covid 19 pandemic.
- Corporate Committees and Governing Body Meetings have not been stood down as continue to meet monthly.
- Functions continue to operate at BC level 3 and are reviewed regularly.
- JUCD system moved from Gold Command to Silver Command February 2021.
- JUCD 2021/22 Operational Plan submitted to NHSE 14th May 2021.
- System Transition Assurance Committee established and inaugural meeting took place end April and meeting monthly.
- CCG GB Chair is the System Transition
 Assurance Committee Chair and ICS CCG
 Transition Working Group Chair.
- CCG ICS Transition Working Group established and meets monthly. First meeting took place 6th May.

- Requirement to agree a multi-year system recovery plan with regulator in order to mitigate impact score
- The Derbyshire NHS system has a gap of c. £43m between expenditure assessed as required to meet delivery plans and notified available resource. The CCG is working with system partners to agree how these resources are used and what remaining financial risk there is, where this risk will be held and how it can be mitigated.
- ICS guidance published November 2020.
- Derby and Derbyshire formally approved as an ICS.
- SFOG continue to meet at BC Level 4, December
- ICS White Paper was published in February 2021
- JUCD system moved from Gold Command to Silver Command.
- SEC meetings were stood down in February 2021, and operational issues being fully managed by the System Operational Resilience Group (SORG)
- 2020 onwards.
- System Transition Assurance Committee established and inaugural meeting took place end April and meeting monthly.

- Clinical Leadership Framework in place across the system to support governance and clinical workstreams.
- Recovery and Restoration Programme progress and assurance reported monthly to Governing Body through the Finance Committee Assurance Report
- Finance Committee Minutes
- SOC and SVOC update provided weekly to System Escalation Cell (SEC) until it was stood down in February. Now provided to SORG.
- 2021/22 JUCD Operational Plan.
- ICS Transition Plan.
- System Transition Assurance Committee, agenda, papers and minutes.
 CCG ICS Transition Working Group agenda, papers and minutes.

Strategic Aim: 7

Work in partnership with stakeholders and engage with our population to achieve the above objectives where appropriate.

What would success look like and how would we measure it?

Output and delivery of comprehensive engagement programme, with % increase to Citizen's Panel membership and agreed % population engaged in planning in Yr1. Fully populated and network engagement structure, with permanent membership of Engagement Committee confirmed.

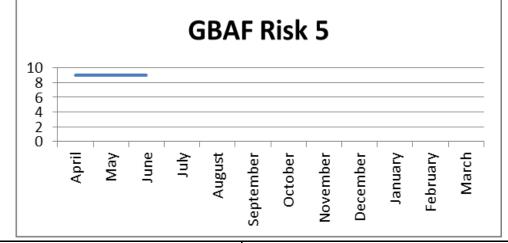

GBAF RISK 5

Executive Lead: Helen Dillistone Assigned to Committee: Engagement Committee

Risk Description

The Derbyshire population is not sufficiently engaged to identify and jointly deliver the services that patients need.

Risk rating	Likelihood	Consequence	Total
Initial	4	3	12
Current	3	3	9
	Level	Category	Target Score
Risk Appetite	Low Commissioning		6
	2	3	J

Date reviewed	June 2021
---------------	-----------

Rationale for risk rating (and any change in score):

- The CCG recognises the risk of operating in a complex and financially challenged environment and the need to balance decision making with appropriate engagement and involvement.
- The risk likelihood was reduced from 4 to 3 in October to reflect the appetite and development to implement the Derbyshire Dialogue programme.

KEY CONTROLS TO MITIGATE RISK

Internal

- Clearly defined system strategy which identifies key health priorities and forward planning to ensure public engagement can be embedded.
- Engagement function with clearly defined roles and agreed priorities.
- Engagement Committee to provide challenge and internal scrutiny; the Committee has broad representation from provider Governors, members of the public, Local Government, Healthwatch and the Voluntary Sector
- Alignment of CCG and JUCD communications and engagement agendas where necessary to provide streamlined and coherent approach.
- Identified involvement of communications and engagement lead involvement in all projects.

External

- Engagement Committee has dual responsibility for the alignment of JUCD and CCG communications and engagement agendas where necessary to provide streamlined and coherent approach.
- Relationship development with local parliamentary and council politicians.
- Structured approach to broader stakeholder engagement.
- Proactive formal and informal Engagement with Overview & Scrutiny Committees, with clear business plan.
- Co-production approach to planning utilising existing local experts by experience (Lay Reference Groups)
- Joined Up Care Derbyshire Comms and Engagement collaboration and planning.
- Legal/Consultation Institute advice on challenging issues.

Internal

- Confirm and challenge and outputs for Engagement Committee providing assurance to GBs
- Governing Body assurance of Engagement Committee evidence from training and development.
- Commissioning cycle to involve patient engagement.
- EIA and QIA process.
- QIA/EIA panel.
- Communications & Engagement Team aligned to programme boards to maintain understanding of emerging work and implications
- Systematic completion of S14Z2 forms will provide standardised assurance against compliant decision making and recording of decisions at project level.

External

SOURCES OF ASSURANCE

- Membership (and other stakeholder) feedback via annual 360 survey.
- Approval of commissioning strategy and associated decisions by the Clinical Lay Commissioning Committee.
- Approval of engagement and consultation processes from Overview and Scrutiny Committees.
- NHS England CCG Assurance Rating.
- INHS England Assurance on winter communications and engagement plan
- NHS England assurance on NHS 111 First communications and engagement plan
- 2021/22 JUCD Operational Plan
- ICS Transition Plan
- System Transition Assurance Committee, agenda, papers and minutes

- Clearly defined offer and ownership of communications channels to support consistency of approach and clarity of message.
- QEIA panel now includes review of S14Z2 (engagement review) forms to provide early sighting on engagement requirements
- Simple engagement model now approved to support project flow through consistent process.
- Strengthening of CCG committee cover sheets to ensure committees making implementation decisions have full assurance that duties have been met.
- 2020/21 Commissioning Intentions finalised and agreed with Providers.
- Population Health Management in development
- Recovery and Restoration Plan
- Governing Body
- Commissioning Intentions 2020/21 published and on website.
- Engagement Committee meetings reinstated from June 2020.
- Zara Jones, Executive Director of Commissioning and Operations is the lead for the System Planning Cell.
- Daily System Escalation Cell meetings established to support the management of COVID 19 across the Derbyshire System
- System Planning and Operations Cell established to manage and determine recovery plans and future planning
- Communications and Engagement Strategyoutline proposal of the strategy ready for January 2021 and final version in March 2021 asserting ambition for measuring success.
 CCG Escalated to Business Continuity Level 4 in December 2020 due to Covid 19 pandemic.
- Corporate Committees and Governing Body Meetings have not been stood down and Engagement Committee meets bi-monthly.
- Functions continue to operate at BC level 3 and are reviewed regularly.
- JUCD system moved from Gold Command to Silver Command February 2021

Strategic Objective: 3

Continue with the roll out of the Covid-19 vaccination programme and ensure a sustainable planning and operational model is in place.

GBAF RISK 6

Executive Lead: Steve Lloyd

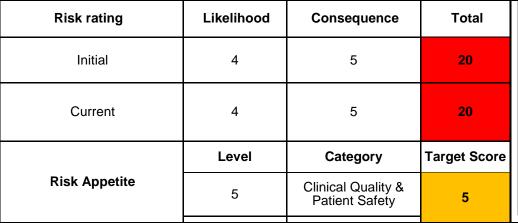

Assigned to Committee: Quality and Performance Committee

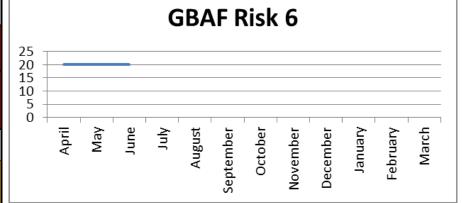

What would success look like and how would we measure it?

- 95% of the Derby and Derbyshire CCG population receive 1st and 2nd doses of a Covid-19 vaccination
- Phase 3 of Vaccination Programme is implemented from September 2021

Risk Description

The CCG does not achieve the national requirements for the Covid-19 Vaccination Programme and have robust operational models in place for the continuous sustainable delivery of the Vaccination Programme.

Strategic Objective: 5

Support our staff in the delivery of the above and transition into an ICS, through continued health and wellbeing programmes and effective communication and engagement

GBAF RISK 7

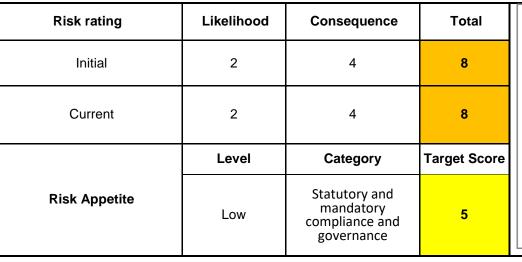

Executive Lead: Helen Dillistone
Assigned to Committee: Governance Committee

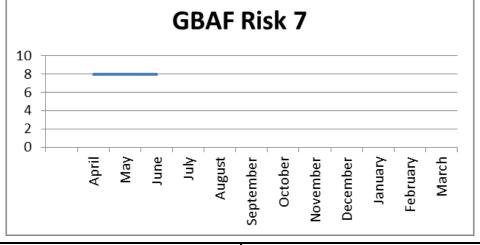

What would success look like and how would we measure it?

- The CCG workforce will transition over to the Integrated Care System (ICS).
- All employees to have effective communication on developments and structures within the ICS.
- Having robust health and well-being programmes in place to support staff.

Risk Description

CCG staff retention and morale during the transition will be adversely impacted due to uncertainty of process and implications of the transfer to the ICS, despite the NHSEI continuity of employment promise.

Rationale for	risk rating	(and any	change in	score):

Date reviewed

SOURCES OF ASSURANCE

The CCG has strong HR and communications processes, as reflected by the staff survey. Likelihood of this changing during transition is relatively low.

Attendance at all national ICS communications briefings to keep track of timescales and emerging guidance.		Ongoing			

Strategic Objective: 1

Safely and legally transition the statutory functions of the CCG into the ICS, and safely deliver the disestablishment of the CCG

GBAF RISK 8

Executive Lead: Helen Dillistone
Assigned to Committee: Governance Committee

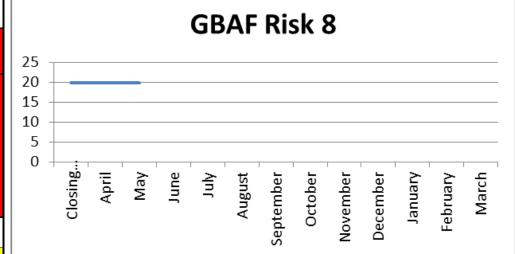

What would success look like and how would we measure it?

The CCG would meet all critical timescales as described in the programme plan in readiness for the ICS to launch as a statutory organisation in April 2022 and would receive the appropriate confirmation of a safe and legal transfer of duties and closure of the CCG from NHSEI.

Risk Description

If the CCG is not ready to transfer its functions or has failed to comprehensively and legally close down the organisation, or if the system is not ready to receive the functions of the CCG, the ICS operating model cannot be fully established.

Risk rating	Likelihood	Consequence	Total
Initial	4	5	20
Current	4	5	20
	Level	Category	Target Score
Risk Appetite	Low	Statutory and mandatory compliance and governance	5

Rationale for risk rating (and any change in score):

Date reviewed

SOURCES OF ASSURANCE

The national guidance and HR framework has not yet been released and the White Paper has not yet been through Parliament. The guidance is likely to include particular timescales which are not yet known, but it is anticipated at this stage they will be tight with the target for ICS establishment remaining as April 2022. The risk likelihood may reduce when the guidance is received and aligned to the programme plan.
