

# Health Literacy Awareness

Free Virtual Training from Joined Up Care Derbyshire

## Did you know?

6 out of 10 adults in Derbyshire have low health literacy.

This means they will struggle to understand everyday health information.

## Let's address the barriers!

There are 3 training dates available:

- Monday 18th March  
1.00-3.00pm
- Tuesday 16th April:  
1.00-3.00pm
- Thursday 16th May:  
9.30-11.30am

[Book your place here](#)

## What will you learn?

- ✓ What health literacy is and why it's important.
- ✓ What it might mean to have low levels of health literacy.
- ✓ What other teams have done in practice, and more about what you could do.
- ✓ Where to go for further information about health literacy.
