ONE WORKFORCE ENGAGEMENT SESSIONS

Purpose

- **Collaborate** with the NHS, VCSE, local authority, social care and education sectors to co-create a One Workforce Strategy
- **Engage** with system partners in Derby and Derbyshire to understand the current workforce, identify challenges and opportunities for collaboration, and learning, and envision our future state
- **Develop** a new approach for working together through a One Workforce approach across Derby and Derbyshire, making a difference to our communities and our people

Our Vision

“Our vision is that anyone working in health and care within Derby and Derbyshire feels part of ‘one workforce’ which is focused on enabling our population to have the best start in life, to stay well, age well and die well. Our workforce will feel valued, supported and encouraged to be the best they can be and to achieve the goals that matter to them wherever they work in the system.”

**Meet other people to share your vision
about one workforce**
